## TECHNICAL SKILLS

---

**Languages:** Java, Python, C/C++, Swift, HTML/CSS, Bash (shell scripting)

**Frameworks:** SwiftUI

**Developer Tools:** Git, GitHub, Xcode, Visual Studio Code, PyCharm, Eclipse, Linux

**Design Patterns:** MVC, MVVM

**Core Subjects:** Data Structures and Algorithms, Operating Systems, Computer Networks, Memory Management

## PROJECTS

---

**Helping Hands** | *NGO Website*

Sept. 2022 – Dec. 2022

- Created a user-friendly website for **Kasturba Gandhi National Memorial Trust**, Delhi. The site offers detailed information about the NGO, its services, gallery, and Board of Trustees.
- Technologies Used: HTML, CSS
- [Project-Link](#) | [GitHub-Repo](#).

**iWeather** | *iOS Application*

Feb. 2023 – April 2023

- Developed a weather application that provides users with real-time weather data and forecasts. Leveraged the OpenWeather API to deliver location-based weather information seamlessly.
- Technologies Used: Swift, SwiftUI, Xcode
- [GitHub-Repo](#).

**Ping-Me** | *iOS Application*

June 2023 – Aug. 2023

- Built a real-time chat application for iOS using SwiftUI for the front-end and Firebase for back-end services, with seamless communication between users.
- Implemented features such as secure login, sending and receiving messages, enhancing the application's functionality and usability.
- Technologies Used: Swift, SwiftUI, Xcode, Firebase Authentication, Firebase's real-time database.
- [GitHub-Repo](#).

**WeConnect** | *iOS Application*

Sept. 2023 – Dec. 2024

- Designed and developed a Twitter-like social media application using SwiftUI.
- Implemented a real-time chatting feature to enhance user engagement.
- Utilized Firebase for back-end services including authentication, database management, and cloud storage.
- Technologies Used: Swift, SwiftUI, Xcode, Firebase

## EDUCATION

---

**Jagan Institute of Management Studies/GGSIPU**

New Delhi, India

*Masters in Computer Application*

Sept. 2022 – Aug. 2024

**Institute of Management and Research, Bharati Vidyapeeth**

New Delhi, India

*Bachelor in Computer Application*

Aug. 2019 – May 2022

## COURSES/TRAININGS

---

**Data Structures and Algorithms**

*by Coding Ninjas*

May 2024 – Present

**The Ultimate 70+ Hours iOS Development Bootcamp**

*by Udemy*

May 2024 – Present

**SwiftUI + SwiftData Masterclass iOS App Development**

*by Udemy*

June 2024 – Present

## ACHIEVEMENTS

---

**Solved 150+ Data Structures and Algorithms questions on Leetcode**

[Profile Link](#)

**Solved 125+ DSA questions on Code Studio, CodeChef and HackerBlocks**
